REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: all of the previous rejections and objections have been withdrawn due to the amendments filed on July 6, 2007. With particular regard to the rejections under 35 USC 101, while a "computer accessible *storage* medium" *per se* would not normally be statutory, applicant's description of Figure 4, spanning pages 15 and 16, clearly distinguishes between "storage media" and other media, such as "media accessible via transmission media or signals...." In this description, "storage media" refers to only hardware devices, such as disk or RAM or Flash memory, etc. Such hardware devices are statutory embodiments. Since the amendment has limited the claims to a "computer accessible *storage* medium", the claims are now statutory.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
